## THREAD COLOR OPTIONS :

Note: The thread color on black panels will always be black. Colored thread will be used on the seams adjacent to the sublimated panels only.

CRIMSON	COBALT	LIME	YELLOW	HOT PINK	WHITE	BLACK

THINGS TO KEEP IN MIND:

- Please flatten fonts, or you can email fonts to your Podiumwear Designer.
- It's best to avoid designing across seams as art elements will not match up.
- Our Podiumwear logos must remain on all garments.
- All logos and elements should be vectors. If any element is not vector it will need to be evaluated by one of our designers, and could delay your order.
- We print using RGB values; if you have a Pantone we will do our best to match it, but this could delay your order.
